Stillness in the Bathroom

www.tekinsw.com.tr

A Brand That Produces for Designers

Welcome

There is a silence in wood—
A quiet strength, waiting to be shaped.
We do not simply build furniture.
We listen.
To spaces.
To people.
To the rhythms of daily life.
Every form you see here is born from that listening.
Lines drawn not for show,
but to hold meaning—
To carry function in beauty's clothing.
At Tekin Furniture & Woodworks,
we carve more than material.
We shape emotions into forms,
habits into space,
needs into timeless design.
This is not a catalog.
It's a collection of considered responses.
To life. To you.

Remzi TEKIN
BRAND FOUNDER & CREATIVE LEAD

Our Mission

To craft with care.
To design with empathy.
To make beauty not as an accessory,
but as an answer.

Our Vission

To create spaces that feel as though they have always belonged—
where form follows feeling,
and every object is as intentional
as a brushstroke in a painting.
To create spaces that feel as though they have always belonged—
where form follows feeling,
and every object is as intentional
as a brushstroke in a painting.

RESIDENTIAL INTERIORS

Bathroom Furniture

Designed to harmonize function and elegance, our bathroom furniture blends durable materials with refined forms. Each piece is crafted to elevate everyday rituals into moments of comfort and aesthetic pleasure.

Wall-Mounted Vanity Unit

Wall-Mounted Vanity Unit

Wall-mounted vanity units bring visual lightness and architectural elegance to the space. With diverse textures and forms, each piece becomes a refined design statement.

Wall-Mounted Vanity Unit

LINEA SURFACE COLLECTION

LINEA Collection

The LINEA Surface Collection represents contemporary bathroom design defined by surface balance and architectural linearity. Each unit features a wall-mounted form, crisp geometry, and an integrated lighting aesthetic that brings clarity and elegance to the space

Free from stylistic limitations, this collection blends natural stone, lacquer, wood, and composite surfaces with harmony. Designed for bathrooms shaped by architectural thinking, it combines refined aesthetics with seamless functionality.

Wall-Mounted Vanity Unit

This model offers architectural harmony through deep tones and linear surfaces. bringing sculptural elegance into the bathroom. Gold-lit details blend function with artistry. More than a piece of furniture. it is a signature of space.

Wall-Mounted Vanity Unit

The noble presence of dark tones blends with linear detailing to redefine elegance in this vanity unit. Softened by rounded corners and elevated by a gold-lit base. the form brings a calm yet powerful character into the space. Integrated with natural marble patterns. the design harmonizes function and architectural sophistication.

Wall-Mounted Vanity Unit

IMPERIUM Collection

Imperium Collection reinterprets classical furniture art, bringing aristocratic grace and sculptural grandeur into contemporary interiors.

Wall-Mounted Vanity Unit

Imperium Collection unites the grandeur of classical artistry with the precision of contemporary design. Rich wood textures. sculpted gold accents. and refined marble surfaces turn each piece into more than a furnishing—each becomes an architectural element of regal ambiance.

Centered on fine craftsmanship. the collection favors nobility over ornamentation. Not just a bathroom. but an immersive space where the majesty of the past meets modern-day elegance.

Wall-Mounted Vanity Unit

LUMERA Collection

The LUMERA Collection reimagines the most refined interaction between light and space. With high-gloss surfaces, elegant curves, and gold accents, this design stands not merely as a vanity unit—but as an integrated work of interior art.

Our design vision converges with precision detail. Rather than ostentation, we emphasize balanced radiance in material composition. Every line introduces a new language of sophistication. LUMERA is created for those who seek to transform function into elegance.

Wall-Mounted Vanity Unit

For us. design is not just form—it is a statement. a philosophy. LUMERA redefines classical grandeur through contemporary lines. Each piece is crafted as an architectural element. envisioned by the designer's hand. More than bathroom furniture. LUMERA is a way of living.

Wall-Mounted Vanity Unit

AURA Blanche is a graceful yet commanding statement designed for light-filled interiors. With its curved lines. vertical textures. and gold-accented base. this piece merges luxury with refined functionality.

Its soft silhouette is elevated by golden detailing. offering a sophisticated glow and balanced modern-classic aesthetic. More than a vanity—it's a signature element in architectural storytelling.

RESIDENTIAL INTERIORS

Tall Bathroom Cabinet - Fluted Storage Unit -

Designed to harmonize function and elegance, our bathroom furniture blends durable materials with refined forms. Each piece is crafted to elevate everyday rituals into moments of comfort and aesthetic pleasure.

Fluted Storage Unit

AXIS NOIR. stands at the elegant intersection of architectural rhythm and purposeful design. With slender legs. vertical slat detailing. and integrated LED lighting. this tall cabinet brings structured modernity and ambient warmth to the bathroom.

Open shelves offer a display opportunity for curated essentials. while the concealed compartments maintain visual clarity. A refined and functional complement to design-conscious interiors.

Fluted Storage Unit

AXIS SHADOW. interprets the interplay of light and darkness with a bold. architectural expression. With its ribbed façade. illuminated shelf structure. and sleek metal legs. it balances utility with visual sophistication.

This design reveals the power of detail within simplicity. Open shelving invites curation. while the semi-closed body maintains order. Every line speaks of rhythm. restraint. and refined design thinking.

Fluted Storage Unit

AXIS CURVE . represents the sculptural union of form and function. Its softened curves gently contrast with the room's sharp geometry. while the LED-lit glass shelving offers a refined display feature within.

Enhanced by metallic accents. this design speaks of elegance. craftsmanship. and thoughtful utility. More than storage—it's a statement piece that defines the soul of the bathroom space.

Fluted Storage Unit

AXIS COMPACT delivers maximum impact in minimal space. With illuminated shelving. vertical lines. and slender legs. it's the perfect solution for refined modern bathrooms.

AXIS FLOW . merges the elegance of light with the purity of form. Its soft edges. ribbed surfaces. and illuminated shelves create a seamless. modern ambience within the bathroom space.

RESIDENTIAL INTERIORS

Modular Bathroom Unit

- Recessed Tall Unit &Wall-Mounted Vanity Combo -

Designed to harmonize function and elegance, our bathroom furniture blends durable materials with refined forms. Each piece is crafted to elevate everyday rituals into moments of comfort and aesthetic pleasure.

Recessed Tall Unit &Wall-Mounted Vanity Combo

AXIS WALLSET. is created for those who envision the bathroom as an architectural whole. The recessed tall cabinet and wall-mounted vanity merge functionality and spatial harmony in one seamless composition.
Enhanced with brass accents and matte textures, this design goes beyond cabinetry—becoming an identity-defining centerpiece of the interior.

Recessed Tall Unit &Wall-Mounted Vanity Combo

AXIS MODULAR. reflects our precision-driven design philosophy. Integrated vanity and open shelf modules offer both functional storage and elegant display. With a marble top. fluted surfaces. and brass accents. the result is a space that radiates refinement.

Recessed Tall Unit &Wall-Mounted Vanity Combo

Merging the sophistication of deep black with architectural linearity. Linea Noire redefines bathroom elegance through fluted surface textures and ambient-lit shelving. The integrated vanity seamlessly connects design and utility, offering a sculptural, harmonious presence.

Recessed Tall Unit &Wall-Mounted Vanity Combo

Where timeless lines meet golden accents — the Aurum Line Collection is designed to add architectural elegance to contemporary bathroom interiors. Wall-mounted structure brings visual lightness. while fluted surfaces and warm metallic touches introduce a refined sense of luxury.

RESIDENTIAL INTERIORS

Tall Bathroom Cabinet - Linen Cabinet -

Designed to harmonize function and elegance, our bathroom furniture blends durable materials with refined forms. Each piece is crafted to elevate everyday rituals into moments of comfort and aesthetic pleasure.

TALL BATHROOM CABINET

AUREVA Collection

This tall cabinet from the Aureva Collection offers sculptural elegance through its curved glass façade and flowing silhouette. Soft ambient lighting enhances each shelf like a curated display. A true icon of refined minimalism, it defines luxury through restraint and timeless design

Glass-Fronted Storage with Integrated Lighting

The Aureva Collection brings sculptural elegance to bathrooms through curved glass, soft forms, and ambient lighting. A harmony of light and material turns each detail into a design statement.

TALL BATHROOM CABINET

VELOURA Collection

The Veloura Collection brings understated elegance into the modern bathroom. With dark high-gloss surfaces, glass facades, and integrated lighting, these cabinets become functional design statements. Minimal yet bold.

TALL BATHROOM CABINET

ELEVANA Collection

The Elevana Collection offers a sleek, wall-mounted design that brings a sense of lightness to modern bathrooms. Glossy surfaces and subtle backlighting merge simplicity with sophistication. Minimal form, maximum presence.

RESIDENTIAL INTERIORS

Vanity &Mirror Arch System

- Arched Backlit Vanity Ensemble -

Shaped with graceful curves, the design seamlessly integrates a vanity with illuminated shelving to deliver both order and elevated presentation. Soft lighting highlights the niches, transforming everyday essentials into elegant display elements, while the lower cabinetry offers refined storage.

Arched Backlit Vanity Ensemble

VANITY & MIRROR
ARCH SYSTEM

SOLENNA Collection

The Solenna collection brings timeless warmth to contemporary bathrooms through its gracefully arched forms and harmonious proportions. With a subtle nod to classical architecture, the design introduces a sense of softness and serenity to the space. Integrated open shelving provides an elegant platform for daily essentials and curated decorative objects, elevating both function and visual composition.

Beneath, the cabinetry ensures generous and organized storage while maintaining a seamless, refined aesthetic. Backlit niches softly highlight the vertical rhythm of the unit, turning the overall design into a sculptural element. Solenna gracefully merges architectural presence with everyday usability—offering a perfect balance of beauty, utility, and atmospheric depth.

Arched Backlit Vanity Ensemble

VANITY & MIRROR
ARCH SYSTEM

MIRANO Collection

The Mirano collection brings a refined sense of balance to modern bathrooms through its clean, architectural lines. The upper cabinet, featuring glass-front doors and softly illuminated interior shelves, offers both functional storage and a sophisticated display area. The depth and proportion of the shelves are designed to organize towels, cosmetics, and accessories with elegance, while integrated lighting enhances visual depth and clarity. Below, the vanity unit provides generous storage without interrupting the sleek surface geometry. High-gloss finishes add brightness and amplify spatial perception through their reflective quality. Every element—shelf configuration, cabinet layout, material, and finish—is fully customizable to fit specific design visions. Mirano is a versatile solution that pairs practical functionality with understated luxury.

VANITY & MIRROR
ARCH SYSTEM

AVELLON Collection

The Avellon collection introduces a refined sense of contemporary elegance through its clean lines and softly curved forms. The upper cabinet features glass shelves with integrated LED lighting, providing a visually engaging area to showcase everyday items and decorative accents. Shelf proportions are thoughtfully designed for both functionality and aesthetic harmony.
The base unit, finished in high-gloss surfaces, conceals generous storage space behind minimal, handle-free fronts. Gently rounded corners enhance spatial flow and contribute to a calming ambiance. Avellon is fully customizable in shelf layout, module sizing, glass type, and finish options—offering a tailored solution for those seeking a sophisticated balance between design and usability.

RESIDENTIAL INTERIORS

Open Shelf Systems

- Wall mounted LED-lit display unit -

Open shelf systems are designed to bring a sense of lightness and visual depth to bathroom interiors. Finished with high-gloss surfaces, integrated LED lighting, and glass shelving, these wall-mounted modules offer a refined display for towels, accessories, and toiletries. Shelf count, dimensions, and finishes can be customized to suit project requirements.

Wall mounted LED-lit display unit

The Ovellia collection embodies subtle elegance with its gently curved forms and integrated lighting. This wall-mounted open shelf unit provides a refined display area for towels and decorative items. bringing both order and ambiance to the space. Its glossy surfaces reflect light beautifully. while shelf configuration. dimensions. and finishes can be fully customized to suit individual project needs.

OPEN SHELF SYSTEMS

These open shelf systems add both visual lightness and depth to bathroom interiors through integrated LED lighting and glossy finishes. Designed to be wall-mounted, each unit provides a refined display for towels, toiletries, and decorative objects while enhancing the architectural harmony of the space. Shelf spacing, dimensions, and surface finishes can be tailored to meet custom design specifications.

RESIDENTIAL INTERIORS

Laundry Cabinets
- Concealed Washer Panels -

These integrated laundry cabinets combine utility and elegance, offering a well-organized space for washers, dryers, cleaning tools, and daily essentials. With open shelving, drawers, hanging sections, and optional sink units, the system brings maximum functionality to bathrooms and utility zones without compromising on design harmony. Module configuration and dimensions can be fully tailored to project-specific requirements.

The new generation of integrated laundry cabinets offers more than just storage for appliances—it delivers a multi-functional solution that blends performance, aesthetics, and architectural coherence. These systems include dedicated compartments for washers and dryers, open shelving, drawers, hanging rails, and sink modules, making them ideal for both daily functionality and long-term spatial refinement.

Each configuration is customizable to fit spatial constraints, storage volume, and personal usage preferences. With integrated lighting, concealed wiring, soft-close mechanisms, and high-end surface finishes, the design ensures both visual continuity and ergonomic comfort.

Transforming utility zones into refined, livable spaces, these cabinets adapt seamlessly to both compact and expansive settings, offering a premium and highly organized laundry experience.

Concealed Washer Panels

Our laundry cabinet systems are designed modularly to adapt to various spatial scales. design languages. and user preferences. Whether for compact bathrooms or full-scale utility rooms. the configuration can include washer and dryer housing. open shelving. drawer units. and integrated sinks—ensuring every functional need is met.

Concealed Washer Panels

Crafted from premium materials and available in a wide range of finishes. each system is fully customizable in terms of size. layout. surface. and accessories. While providing exceptional utility. the design preserves architectural integrity and enhances visual elegance. Lighting. opening mechanisms. and internal fittings can be tailored to project-specific details.
We offer timeless laundry cabinet solutions that can be seamlessly integrated into any interior environment with refined precision.

RESIDENTIAL INTERIORS

Bathroom Bench

- Seating Unit- Concealed Washer Panels -

This bench combines comfortable seating with hidden laundry functionality. Its sleek panel system discreetly conceals the washing machine, maintaining a seamless and elegant bathroom design. Ideal for both compact and spacious interiors, it enhances practicality without sacrificing aesthetics. Customizable in size and finish.

Seating Unit- Concealed Washer Panels

Bathroom bench units seamlessly combine upholstered comfort with integrated storage. creating an elegant and functional addition to contemporary bathrooms. Ideal for storing towels. toiletries. or laundry essentials. these benches help maintain a clean. organized environment while adding a refined architectural presence. Their versatile design allows effortless integration into bathrooms. dressing areas. or spa-inspired interiors.

BATHROOM BENCH

Ayvén Collection

The AYVÉN collection merges seating comfort with integrated storage, offering a refined solution for contemporary and timeless bathroom spaces. Its softly curved form and vertical surface details bring harmony to both modern and classic interiors. While the upholstered top ensures comfortable seating, the concealed lower compartment serves as functional storage. Perfect for towels, personal care items, or bath linens, AYVÉN is available in custom sizes and finishes, tailored to suit any project.

RESIDENTIAL INTERIORS

Bathroom Bench

- CNC Cut Contemporary Floating Seating Designs -

These wall-mounted bench units offer both function and visual sophistication through CNC-carved textures and suspended design. Their floating form enhances spatial clarity, while the seating surface can integrate with vanities or recessed zones for seamless storage or display. Customizable to fit any interior concept or dimension, they bring sculptural precision to modern bathroom spaces.

CNC Cut Contemporary Floating Seating Designs

LINDRIA Collection

The LINDRIA collection offers wall-mounted vanity units enriched with geometric CNC embossing. Blending architectural clarity with decorative elegance. this design adds an artistic touch to modern bathrooms. The slightly elevated basin and intricately textured front enhance both volume and visual depth. LINDRIA introduces a refined ambiance with its muted color palette and can be tailored in dimension and material to suit diverse spatial compositions.

CNC Cut Contemporary Floating Seating Designs

KAVÉRA Collection

KAVÉRA collection offers a sculptural interpretation of contemporary bathroom design, defined by its bold geometry and artful CNC surface detailing. The fractured relief front delivers a dynamic visual rhythm, while the integrated lighting enriches spatial depth and ambiance. Designed for adaptability, KAVÉRA seamlessly fits diverse layouts, providing a sophisticated architectural statement without compromising on functionality.

RESIDENTIAL INTERIORS

Bathroom Bench

- Mirror Fronted Bench Units -

These mirror-fronted bathroom benches combine elegance and function through their sleek, floating design. Ideal for both compact and spacious interiors, they visually expand the room while offering practical storage for towels and care items. The integrated seating ensures added comfort, and each unit can be tailored in size, finish, and layout to suit diverse design visions.

Mirror Fronted Bench Units

SERELITH Collection

The Serelith Collection merges reflective elegance with clean geometry. bringing architectural finesse to bathroom interiors. Gold. bronze. and smoked mirror panels enhance spatial depth while adding a refined ambiance. Integrated seating and storage elements offer a balance of luxury and practicality. With customizable sizes and finishes. every piece is designed to adapt beautifully to its environment.

RESIDENTIAL INTERIORS

Bathroom Bench

- Wall-Mounted Shelf with Bronze Mirror Surface -

These mirror-fronted bathroom benches combine elegance and function through their sleek, floating design. Ideal for both compact and spacious interiors, they visually expand the room while offering practical storage for towels and care items. The integrated seating ensures added comfort, and each unit can be tailored in size, finish, and layout to suit diverse design visions.

Mirror Fronted Bench Units

MIRUÉL Collection

This refined shelf unit from the Miruél Collection offers both function and elegance with its bronze mirrored surface. Its compact design makes it a stylish solution even for narrow spaces. perfect for storing and displaying towels. accessories. or daily essentials.

Mirror Fronted Bench Units

AURALITH Collection

The Auralith Collection brings together luminous detailing and refined utility, presenting a storage solution that's both sleek and serene. Mirrored surfaces and integrated lighting create a sense of understated luxury, ideal for curated spaces where elegance and order go hand in hand.

RESIDENTIAL INTERIORS

Bathroom Wall Panels

- Vertical Wood Slat Cladding -

Vertical wood slat cladding is one of the most elegant ways to bring natural warmth and sophisticated character into bathrooms. With its minimal lines, it integrates seamlessly into both modern and classic interiors. It adds depth and vertical rhythm while offering acoustic benefits. Moisture-resistant finishes ensure long-term durability, and panels can be customized in tone, size, and surface texture to suit any design scheme.

Vertical Wood Slat Cladding

Vertical wood slat cladding brings natural warmth, tactile texture, and architectural depth to bathroom interiors. Slim wooden battens placed in vertical alignment create a sense of rhythm and elegance, offering a modern yet timeless expression. Designed with moisture-resistant finishes, this cladding system balances aesthetics and durability. Ideal for creating a volumetric effect in large surfaces or visually elongating compact spaces. Fully customizable in size, tone, and finish to suit a wide range of design concepts.

Vertical Wood Slat Cladding

Vertical wood slat cladding adds natural warmth and architectural rhythm to bathrooms. It complements both modern and classic styles. offering long-lasting performance with moisture-resistant finishes.

BATHROOM WALL PANELS

Bathroom wall panels offer a modern cladding solution that combines visual sophistication with surface integrity and functionality. Available in wood, marble, glass or metallic finishes, they can be used across shower zones, vanity backsplashes, alcoves, and feature walls. Thanks to their moisture and steam resistance, they ensure long-lasting performance. Whether installed vertically, horizontally, or with custom patterns, these panels refine the space while protecting surfaces and enhancing visual harmony.

RESIDENTIAL INTERIORS

Bathroom Wall Panels

- Decorative Accent Wall Panels -

These three-dimensional decorative panels are designed to create a focal point in bathrooms while adding an artistic dimension. When paired with backlighting, their sculpted geometries enhance depth and elegance. Perfectly suited for modern interiors, they offer versatile styling through unique surface textures.

Decorative Accent Wall Panels

Decorative Accent Wall Panels

RESIDENTIAL INTERIORS

Bathroom Wall Panels

- Curved Wall &Counter Panel Systems -

These curved surface panel systems offer a seamless design flow across bathroom walls and counters, enhancing spatial harmony. With fluid transitions, soft contours, and reflective textures, the result is a contemporary elegance reminiscent of spa-inspired serenity.

Curved Wall &Counter Panel Systems

Curved Wall &Counter Panel Systems

BATHROOM WALL PANELS

CONTOUR LINE Collection

The ContourLine Series introduces a new architectural narrative for bathroom interiors through its seamless, organically curved surfaces. By integrating walls, ceiling elements, storage units, and countertops into one fluid form, it creates a unified volumetric experience. Designed to maximize both ergonomics and visual comfort, this collection is ideal for contemporary and high-end spaces. The soft-flowing contours not only enhance spatial harmony but also offer practical benefits such as easy maintenance and minimal detailing. With customizable finishes and adaptable forms, ContourLine fits effortlessly into various project typologies—from luxury residential bathrooms to boutique hotel suites.

At Tekin Woodworks & Stone

We don’t just produce furniture — we shape it, refine it, and bring it to life. Our design language, rooted in the honesty of natural materials, meets timeless forms to create spaces with character and soul.

From contemporary elegance to classical grandeur, from sculptural centerpieces to minimalist purity — each piece reflects our commitment to originality and detail.

We take pride in being part of bespoke collections, architectural projects, and tailor-made designs. For us, crafting furniture is more than production — it’s an ongoing expression of artistry.

Tekin Woodworks & Stone — Where craftsmanship meets design.
