Where Space Begins

www.tekinsw.com.tr

A Brand That Produces for Designers

Welcome

There is a silence in wood—
A quiet strength, waiting to be shaped.
We do not simply build furniture.
We listen.
To spaces.
To people.
To the rhythms of daily life.
Every form you see here is born from that listening.
Lines drawn not for show,
but to hold meaning—
To carry function in beauty's clothing.
At Tekin Furniture & Woodworks,
we carve more than material.
We shape emotions into forms,
habits into space,
needs into timeless design.
This is not a catalog.
It's a collection of considered responses.
To life. To you.

Remzi TEKIN
BRAND FOUNDER & CREATIVE LEAD

Our Mission

To craft with care.
To design with empathy.
To make beauty not as an accessory,
but as an answer.

Our Vission

To create spaces that feel as though they have always belonged—
where form follows feeling,
and every object is as intentional
as a brushstroke in a painting.
To create spaces that feel as though they have always belonged—
where form follows feeling,
and every object is as intentional
as a brushstroke in a painting.

DESIGN CATALOG

At Tekin Woodworks &Stone

We don’t just furnish spaces — we redefine them with character, coherence, and contemporary elegance.
By seamlessly blending the warmth of wood with the strength of stone and the language of architecture, we deliver bespoke, project-specific designs that gain value over time.
We view design not merely as form, but as the harmony of function, material, and emotion — aiming to create lasting impressions in every detail.

RESIDENTIAL INTERIORS

Wooden Door & Joinery Series

At Tekin Woodworks & Stone, a door is not just an entry — it's a design statement. Every line and surface is shaped with precision to respect the character of the space. Through natural textures, hidden systems, and refined detailing, each door brings timeless elegance and architectural clarity to interior and exterior environments.

RESIDENTIAL INTERIORS

Interior Doors
- Solid Wood Doors -

Solid wood doors by Tekin Woodworks & Stone offer rich textures, authentic materiality, and timeless appeal. Perfectly suited for interiors that demand natural elegance and architectural depth.

Solid Wood Doors

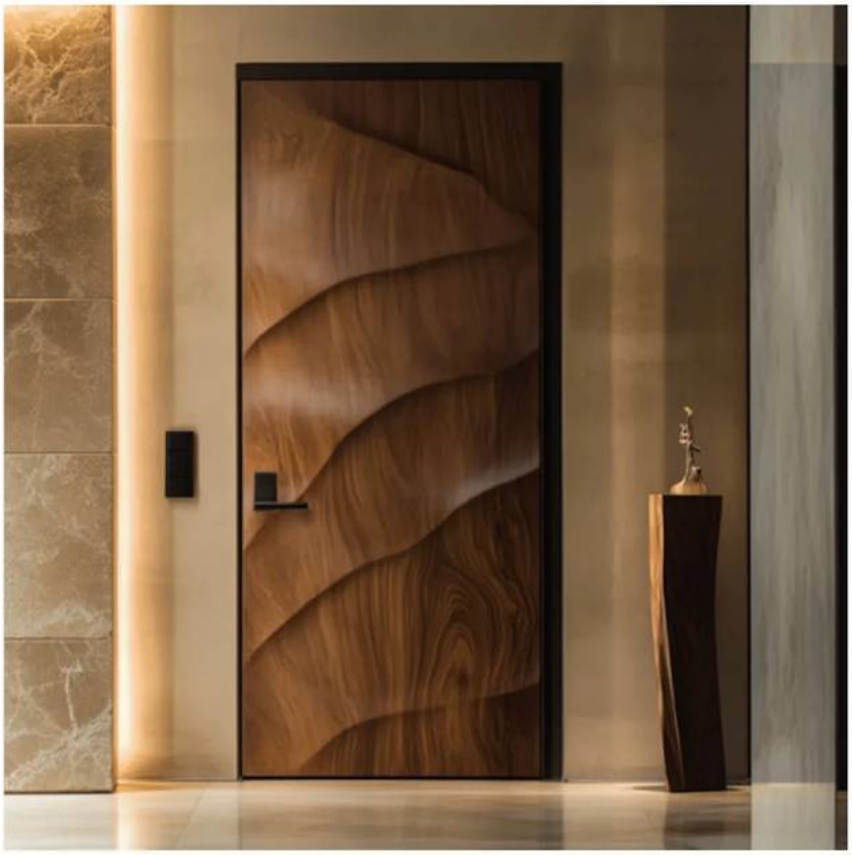

Minimalist Solid Wood Door with Vertical Grooves

— Where craftsmanship meets elegance —

These solid wood doors reflect the warmth and texture of natural timber. combining timeless character with structural integrity. Crafted by Tekin Woodworks &Stone. they elevate both classical and modern interiors with enduring design presence.

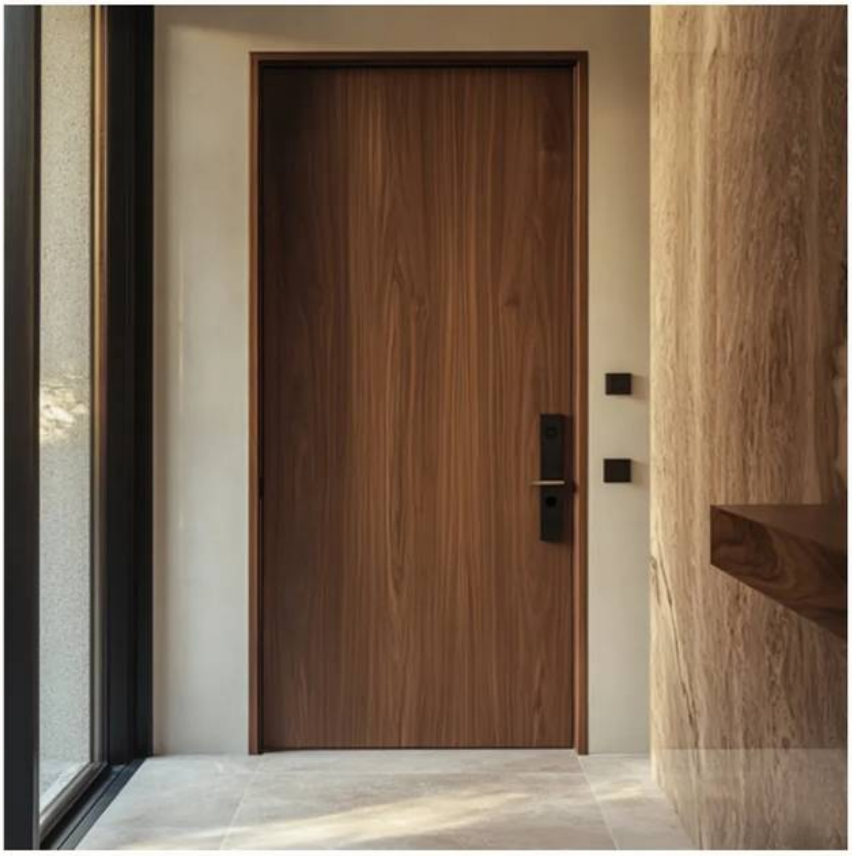

MINIMALIST SOLID WOOD DOOR WITH VERTICAL GROOVES

LINEFORM Collection

The LineaForm Collection is a distinguished exterior door series that merges the pure strength of solid wood with refined modern lines. The vertical groove details not only add visual elegance but also contribute to a heightened sense of verticality and architectural rhythm. These doors are more than functional elements—they are design statements tailored for architects, interior designers, and building professionals seeking cohesion in contemporary façades. The tactile warmth of natural textures and the precision of handcrafted finishing come together to create an entrance experience that elevates the identity of any space.

LineaForm represents a design philosophy that unites architectural simplicity with timeless sophistication.

The LineaForm Collection offers exterior door solutions shaped by a minimalist and timeless design ethos, emphasizing the natural character of solid wood. Vertical groove detailing creates a contemporary rhythm across the surface, blending seamlessly with architectural surroundings. Designed to meet the highest standards in aesthetics and security, these doors suit modern, contemporary, or industrial façades.

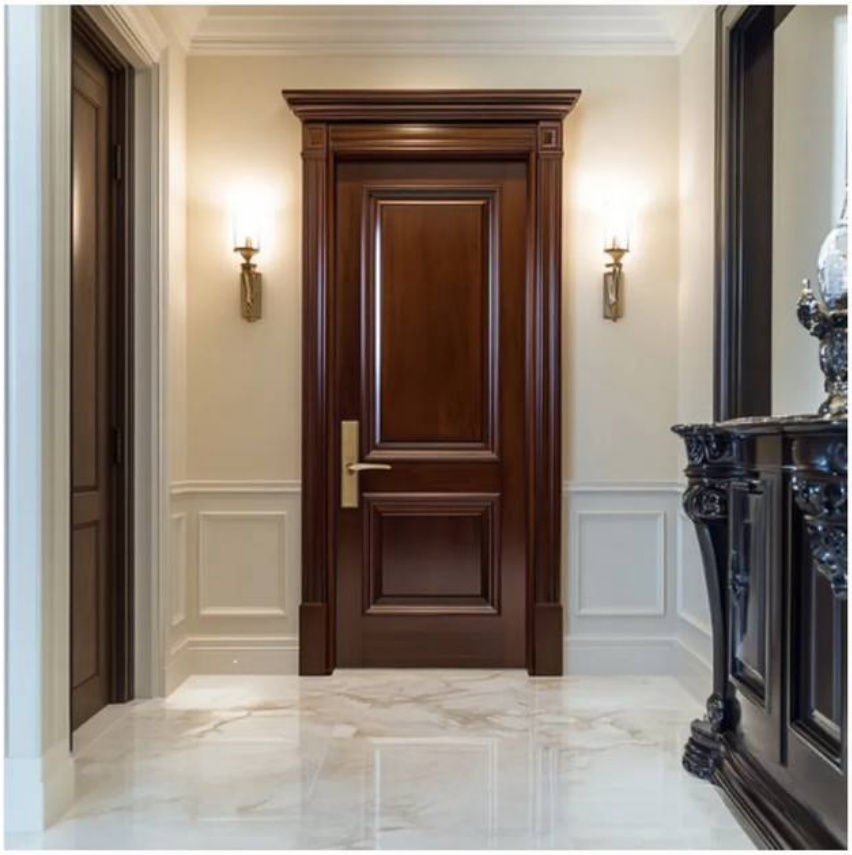

The LineaForm Collection brings the natural charm of solid wood into a modern form through vertical lines. With subtle groove details, these doors offer a minimalist yet impactful presence—ideal for those seeking a refined and powerful entrance in contemporary architecture.

Classic Raised Panel Solid Wood Door

A refined reinterpretation of classic elegance. this model features solid wood and raised panels that lend timeless character to traditional interiors. With rich detailing and a commanding presence. it's a hallmark of luxurious environments.

MINIMALIST SOLID WOOD DOOR WITH VERTICAL GROOVES

ALVERON Collection

The Alveron Collection merges the timeless strength of classical lines with modern craftsmanship. Raised panel detailing and the rich texture of solid wood bring presence and refined character to the space. Inspired by traditional architecture, this series offers both aesthetic appeal and structural integrity for luxurious interiors.

Arched Solid Wood Door – Transitional Villa Interior

A refined reinterpretation of classic elegance, this model features solid wood and raised panels that lend timeless character to traditional interiors. With rich detailing and a commanding presence, it's a hallmark of luxurious environments.

MINIMALIST SOLID WOOD DOOR WITH VERTICAL GROOVES

Elvarié Collection

The Elvarié Collection reimagines architectural transitions with sculptural grace. The arched silhouette merges harmoniously with the richness of solid wood, offering a refined balance between tradition and modernity. Meticulously crafted, these doors serve not only as functional elements but as defining features of sophisticated interiors. Ideal for luxury villas and refined residences, they bring a sense of warmth, distinction, and architectural poetry to every threshold.

Vertical Grooved Matte Lacquered Door

Seamlessly integrating a concealed pivot system, this door redefines modern precision through minimalist expression. The natural warmth of solid oak meets the sharp geometry of contemporary architecture, creating a fluid transition. Its flush surface transforms into a sculptural gesture as it pivots—elevating spatial flow with quiet sophistication.

MINIMALIST SOLID WOOD DOOR WITH VERTICAL GROOVES

ORBYN Collection

The Elvarié Collection reimagines architectural transitions with sculptural grace. The arched silhouette merges harmoniously with the richness of solid wood, offering a refined balance between tradition and modernity. Meticulously crafted, these doors serve not only as functional elements but as defining features of sophisticated interiors. Ideal for luxury villas and refined residences, they bring a sense of warmth, distinction, and architectural poetry to every threshold.

RESIDENTIAL INTERIORS

Interior Doors
- Lacquered Door Collection-

A curated selection of premium lacquered interior doors crafted to elevate modern living spaces. With flawless matte and high-gloss finishes, clean geometry, and refined detailing, each model is designed to merge seamlessly with contemporary architecture. More than just doors, these are architectural elements that bring elegance, clarity, and character to every interior.

High-Gloss Lacquered Door

High-gloss lacquered doors embody modern sophistication with their mirror-like finish and clean elegance. Durable and low-maintenance. they suit both residential and commercial spaces. At Tekin Woodworks &Stone. we offer custom solutions in every style and color—crafted to match your design vision perfectly.

HIGH-GLOSS
LACQUERED DOOR

GLOSSA Collection

High-gloss lacquered doors are a hallmark of contemporary elegance. With their glass-like surface and reflective finish, they elevate interior spaces by adding visual depth, light, and modern sophistication.
Beyond their aesthetics, these doors offer long-lasting durability, with non-fading color and an easy-to-clean surface that resists dust and scratches.
At Tekin Woodworks & Stone, we offer full customization in high-gloss lacquered designs —whether flat, framed, CNC-routed, or tailored to specific architectural visions. Each door is designed to seamlessly integrate with the spatial language of the interior, delivering a timeless, polished presence.

Matte Lacquered Door

Matte lacquered doors embody modern minimalism with a soft, non-glossy finish that complements calm and balanced interiors. Easy to maintain and resistant to marks, they combine practicality with subtle sophistication.

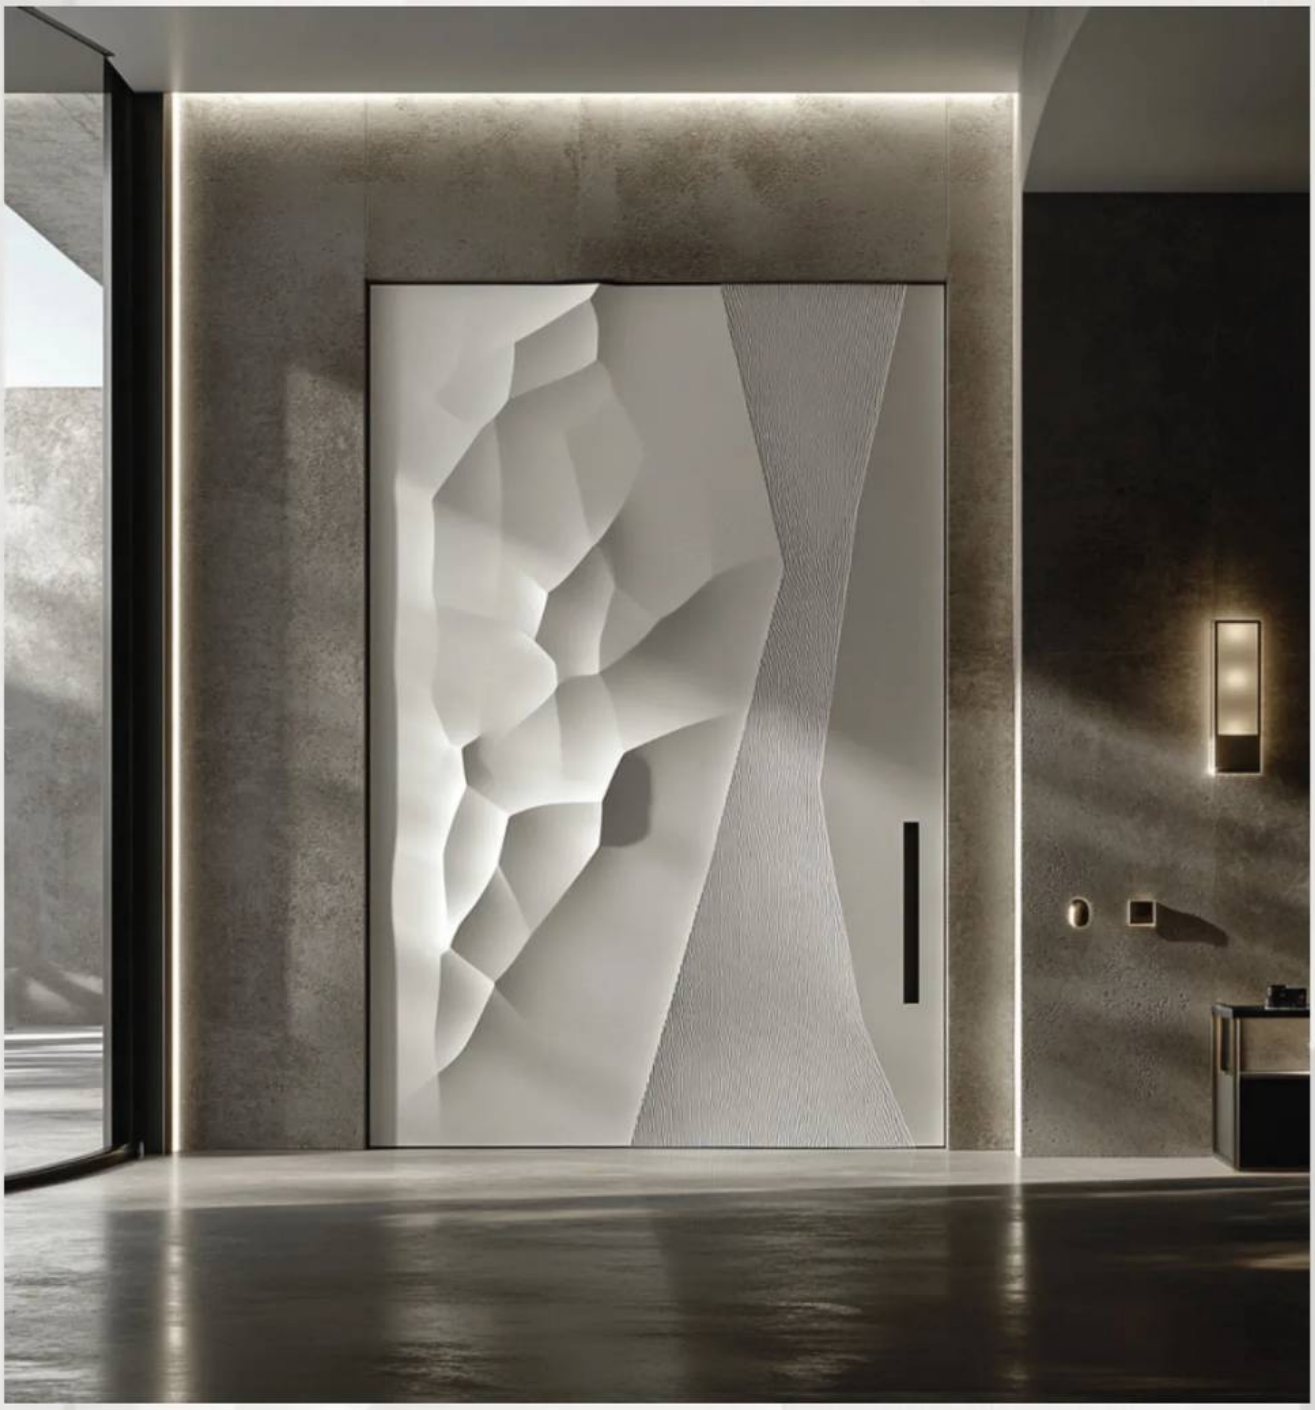

HIGH-GLOSS
LACQUERED DOOR

LUNÉVO Collection

LUNÉVO COLLECTION blends the understated elegance of matte finishes with clean modern lines, offering a sophisticated presence for contemporary interiors. The soft-touch lacquer surface absorbs light rather than reflecting it, creating visual calm and atmospheric balance. Beyond aesthetics, the non-gloss texture is highly practical—resistant to fingerprints, easy to maintain, and color-stable over time.

At Tekin Woodworks & Stone, we craft LUNÉVO doors in various styles including flat, framed, CNC-routed, or with integrated glass—fully customized to suit your project's design intent. This collection is made for those who seek a quiet yet confident design statement within refined architectural spaces.

Textured Lacquered Door

STRIÉ is a collection of textured lacquered doors that bring rhythm and motion to interior surfaces. Linear detailing interacts with light, adding a layer of refined depth. Available in multiple finishes, the series meets both aesthetic and practical demands.

TEXTURED LACQUERED DOOR

Textured lacquered surfaces introduce rhythmic flow by controlling light through linear patterns. Enriched with minimal detailing, they integrate seamlessly with both wall and floor elements—creating subtle yet powerful spatial impact.

TEXTURED LACQUERED DOOR

STRIÉ COLLECTION reflects the elegance of contemporary surface design, using texture as a deliberate architectural language. Finely detailed linear patterns engage with natural light to bring rhythm, depth, and sophistication to each panel. Available in gloss, matte, or satin finishes, these doors deliver both visual richness and functional performance.

At Tekin Woodworks & Stone, every STRIÉ door is fully customized to meet the needs of each unique project—from flat or CNC-textured panels to integrated glass features, specialty finishes, and bespoke dimensions. STRIÉ reminds us that great design is not only seen—it is felt.

Textured Lacquered Door

TEXTURED LACQUERED DOOR

SIGRANURE LINE Collection

Textured lacquered doors reinterpret the elegance of classic lacquer with a uniquely tactile experience. Enhanced with fine grooves, undulating patterns, or CNC-crafted motifs, these surfaces respond dynamically to light—creating movement and depth. Available in gloss, matte, or satin finishes, they elevate the visual richness of the space.

More than decorative, textured surfaces define spatial character, interacting harmoniously with walls, floors, and furniture to build a unified interior language.

At Tekin Woodworks & Stone, we offer limitless design flexibility in textured lacquered doors. From pattern to form, from finish to detailing—we tailor each element to suit the unique demands of every project. These doors are designed not to accompany a space, but to complete it.

Two-Tone Lacquered Door

Two-tone lacquered doors unite the elegance of minimalism with the expressive power of contrast. Carefully balanced color combinations bring rhythm, depth, and identity to the space. From gloss–matte interplay to warm–cool or tone-on-tone variations, each design delivers bold yet refined visual character.

TWO-TONE LACQUERED DOOR

Color in design is more than an aesthetic—it's a structural language. The Two-Tone Lacquered Door series explores contrast with precision, combining complementary hues and finishes to add depth, rhythm, and visual identity. Whether matte-gloss or warm-cool, each composition enhances the architectural flow of the space.

At Tekin Woodworks & Stone, every detail—from color division and direction to texture and finish—is fully customized. This series offers a bold yet balanced design solution for modern interiors seeking clarity through surface distinction.

Textured Lacquered Door

Handleless Lacquered Door

With its handle-free design, this model delivers absolute surface clarity—creating a sense of linear continuity and spatial harmony. Attention is drawn to the texture, proportion, and rhythm of the material itself. By balancing minimal aesthetics with functional precision, it offers a subtle yet powerful design statement for refined contemporary interiors.

HANDLELESS LACQUERED DOOR

With its handle-free design, this model delivers absolute surface clarity—creating a sense of linear continuity and spatial harmony. Attention is drawn to the texture, proportion, and rhythm of the material itself. By balancing minimal aesthetics with functional precision, it offers a subtle yet powerful design statement for refined contemporary interiors.

Flush Lacquered Door

Defined by seamless geometry and a frame-free surface. this design integrates effortlessly into modern interiors—offering spatial clarity and minimalist elegance through pure form.

FLUSH LACQUERED DOOR

Flush lacquered doors are a cornerstone of modern design—defined by smooth, uninterrupted surfaces and pure geometry. Free from frames, grooves, or raised elements, they establish a seamless visual connection with surrounding walls and architectural elements. Available in matte, satin, or high-gloss finishes, they introduce clarity, openness, and timeless simplicity to the interior.

At Tekin Woodworks & Stone, every flush door is tailored to the project's dimensions, color palette, and structural needs. From opening direction to hidden systems, each element is refined to uphold a clean, minimal aesthetic. These doors are not meant to stand out—they are designed to belong, with quiet confidence.

RESIDENTIAL INTERIORS

Interior Doors
- Glass Panel Door Collection-

Glass-panel door designs bring a sense of openness and light to interior architecture. These panels enhance visual transparency while adding depth and elegance to the form. The integration of glass allows natural light to flow between spaces, creating a refined balance between structure and airiness.

At Tekin Woodworks & Stone, we offer a wide range of glass options—frosted, clear, tinted, mirrored, or textured. Panel configurations are fully customizable to align with each project's needs, whether the style is classic, contemporary, minimal, or bold. Glass-panel doors elegantly dissolve boundaries between spaces, offering a transparent yet architecturally strong solution.

Full Glass Panel Door

Enhanced with glass, these designs invite light into the space—offering balanced transparency and refined elegance through minimalist geometry. Visual openness becomes a defining design element.

FULL GLASS PANEL DOOR

A refined expression of lightness and transparency, these glass doors maximize daylight flow without compromising privacy. With their full-height form and ultra-slim frame, they add spaciousness and architectural clarity to contemporary interiors. At Tekin Woodworks & Stone, we craft bespoke solutions with custom dimensions, glass types, and hardware configurations tailored to each space.

At Tekin Woodworks & Stone

We don’t just produce furniture — we shape it, refine it, and bring it to life. Our design language, rooted in the honesty of natural materials, meets timeless forms to create spaces with character and soul.

From contemporary elegance to classical grandeur, from sculptural centerpieces to minimalist purity — each piece reflects our commitment to originality and detail.

We take pride in being part of bespoke collections, architectural projects, and tailor-made designs. For us, crafting furniture is more than production — it’s an ongoing expression of artistry.

Tekin Woodworks & Stone — Where craftsmanship meets design.
